# Task Analysis Diagram - Government Portal

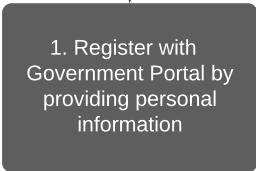

[Ranul Ladduwahetty -02/12/2020]

LEVEL 0

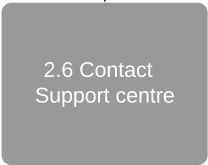

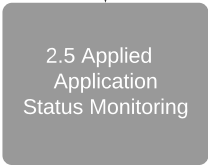

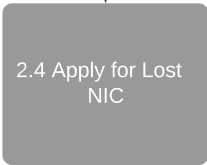

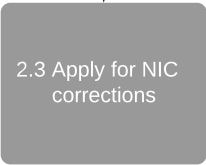

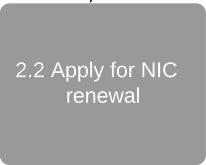

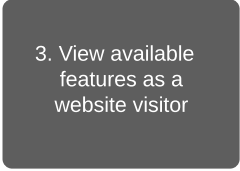

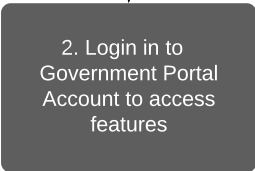

Plan 0 : Do Task 1 and gain access to Task 2 to access 1.1, 1.2, 1.3, 1.4, 1.5, 1.6, 1.7 subtasks

LEVEL 1

Plan 1 : Task 1 and Task 2 could be online self process or by support of agent at centre

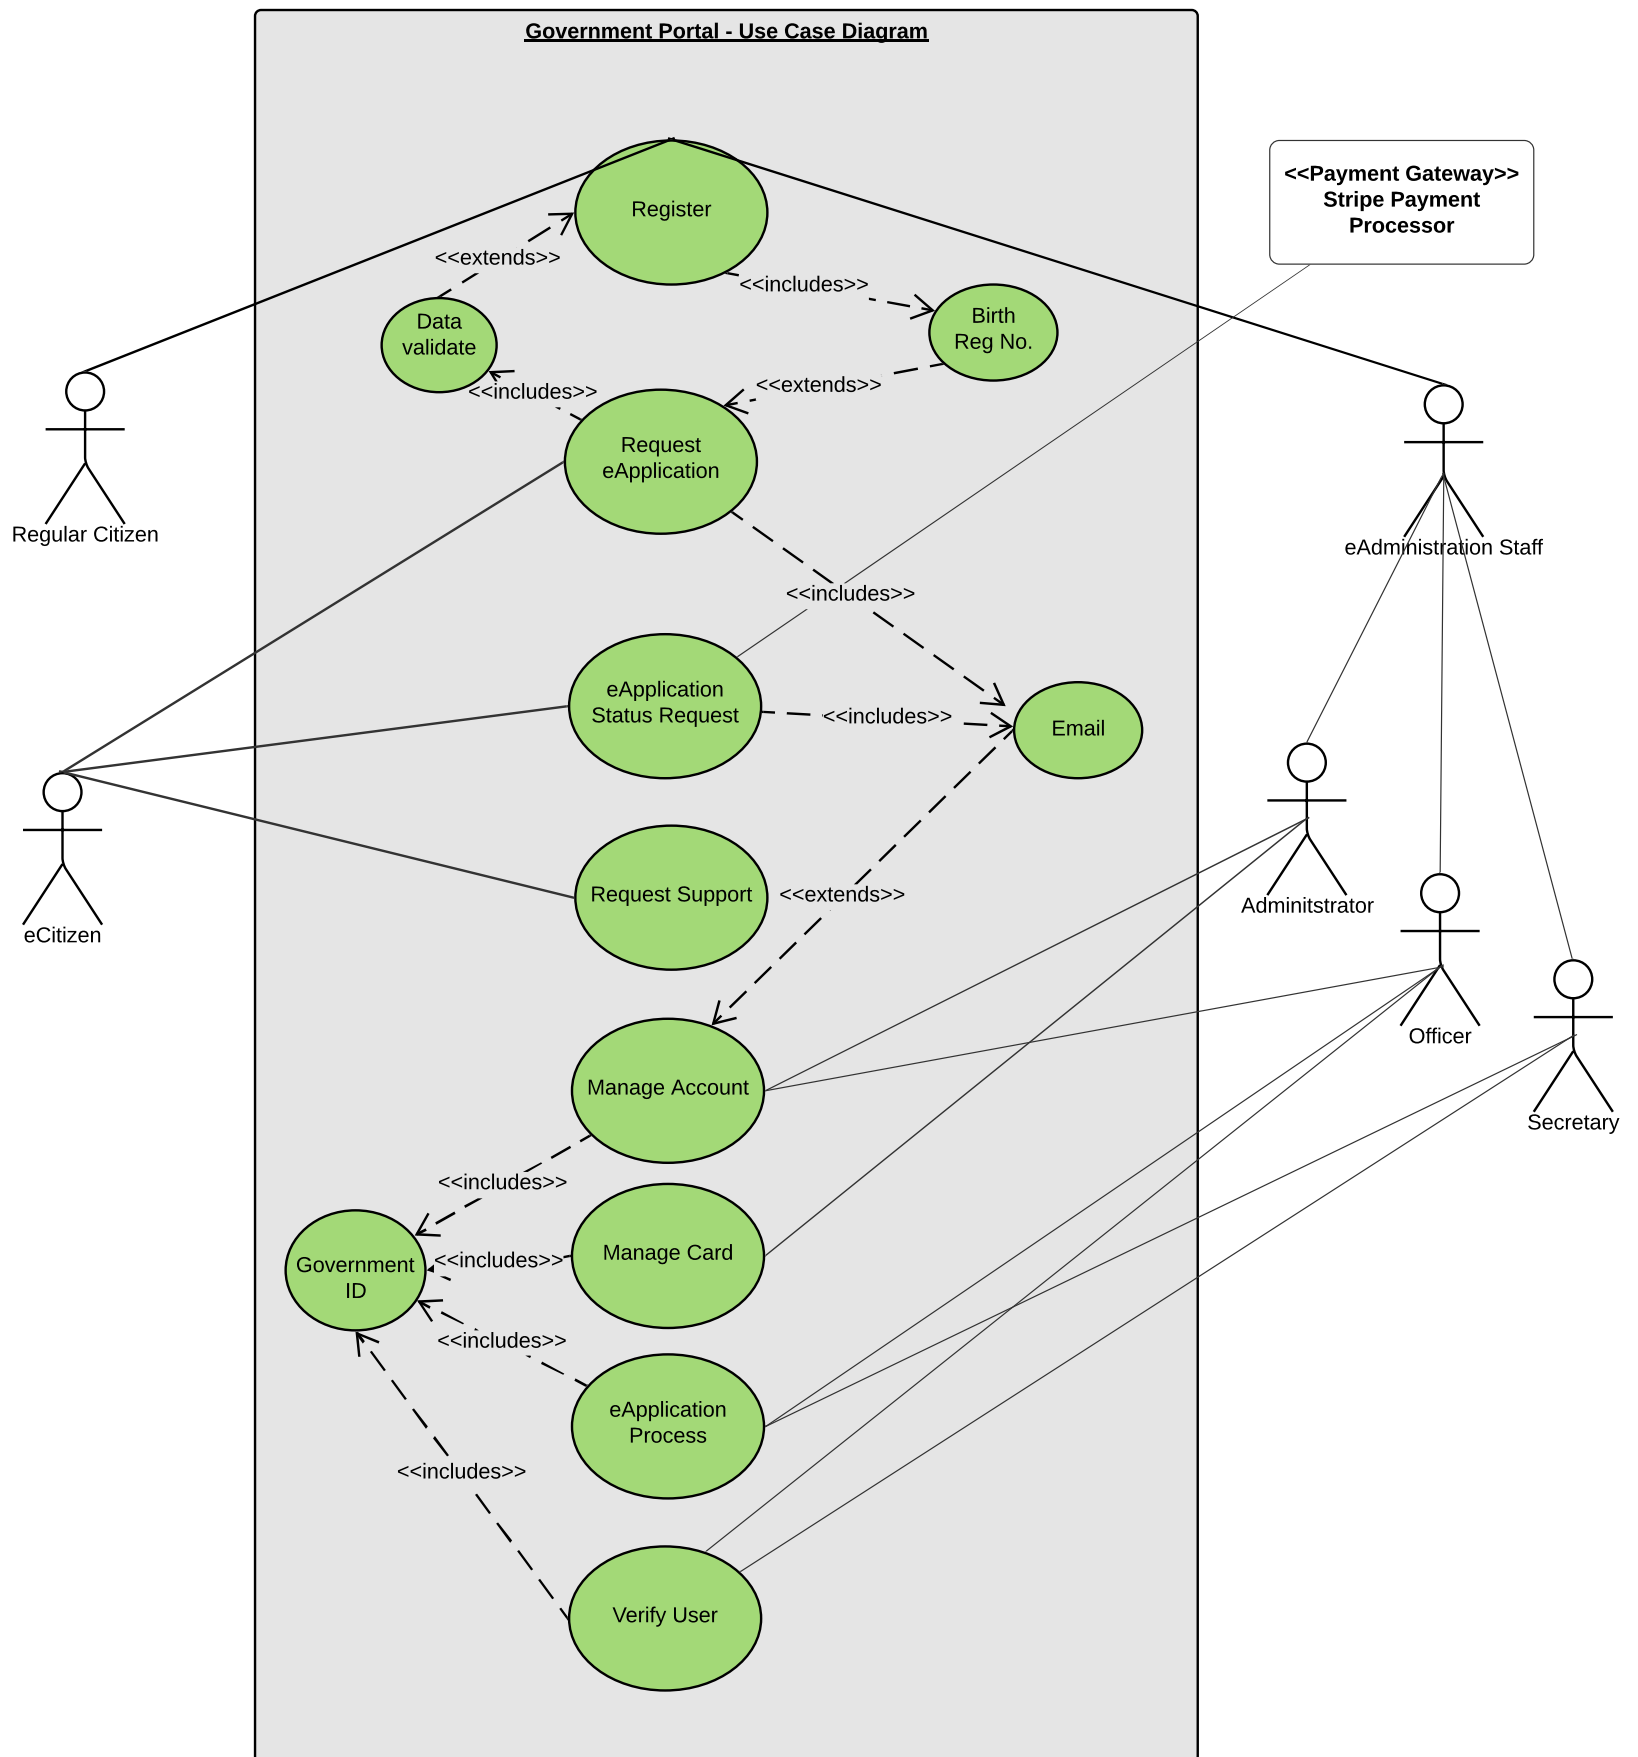

## Description

The Hierarchical Task Analysis shows the flow of current tasks of the Department of Registrations of Persons available within the Government Portal.

Task 1 is available to all citizens who have a valid birth certification of the Democratic Socialist Republic of Sri Lanka, the registration process passes only if valid registration numbers and other relevant details are entered.

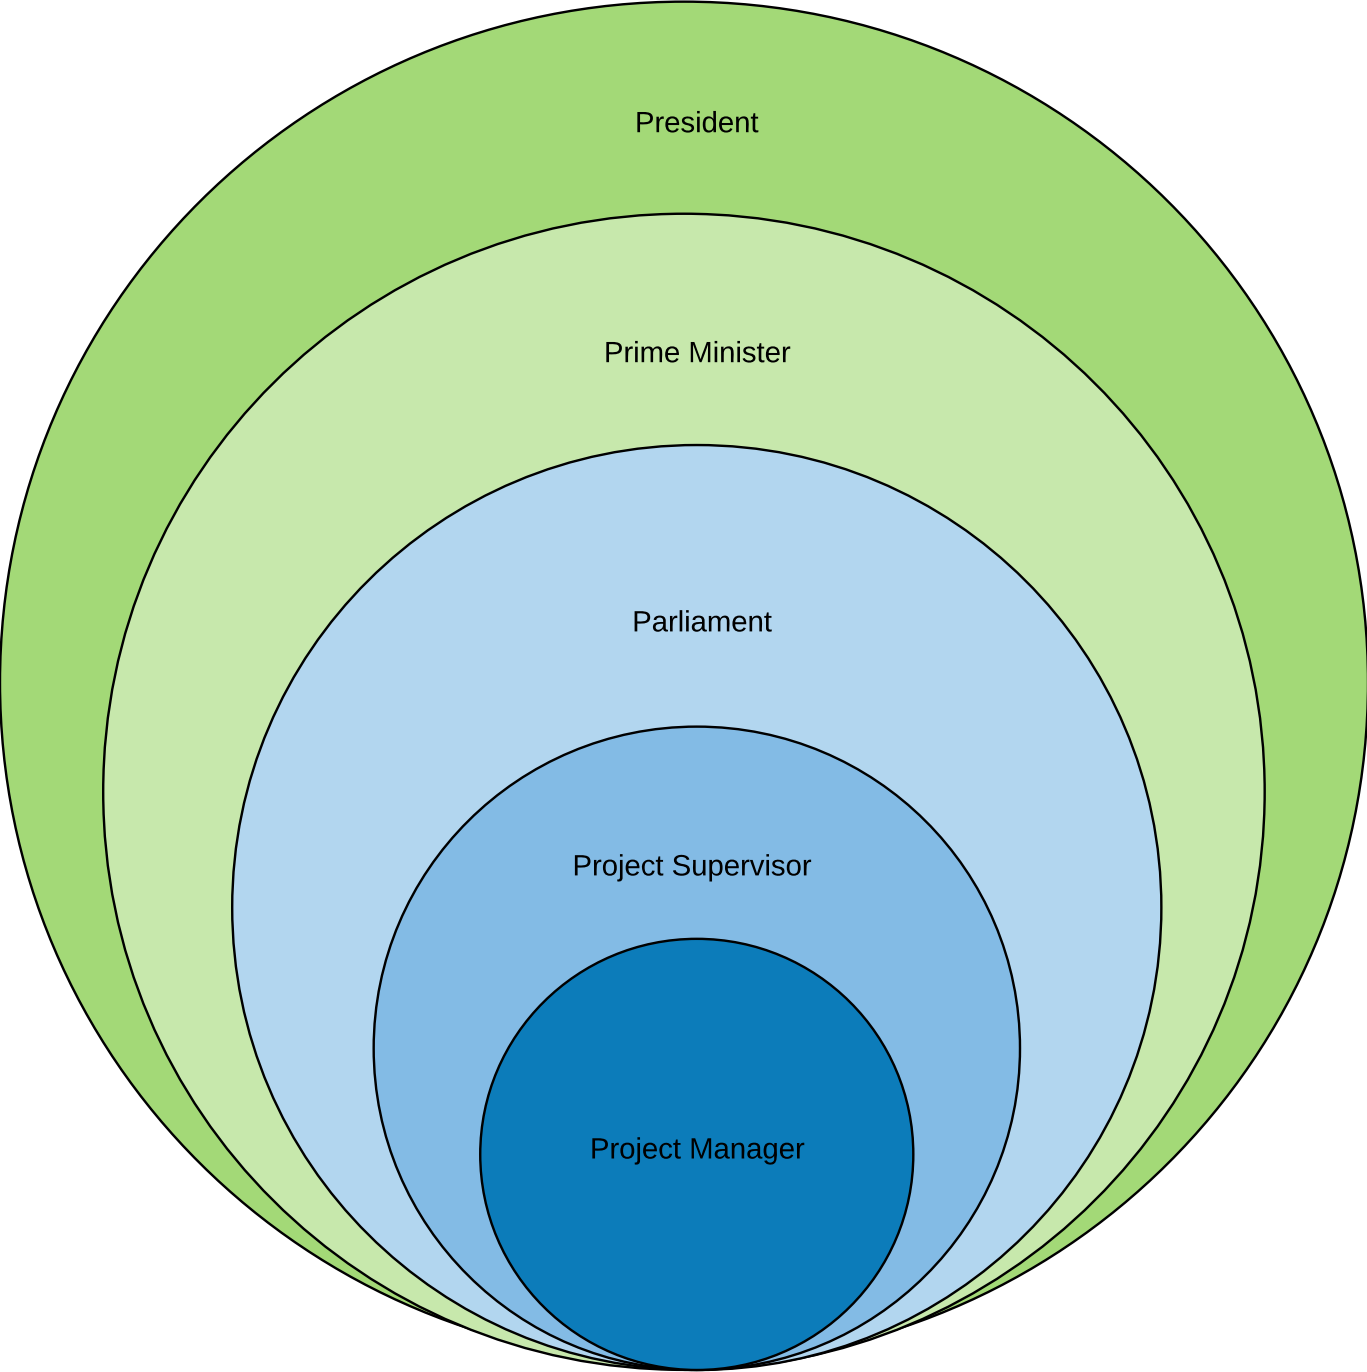

Task 2 is available to all eCitizens to request services within the portal, the system is designed to keep adding more department services as the portal keeps expanding.

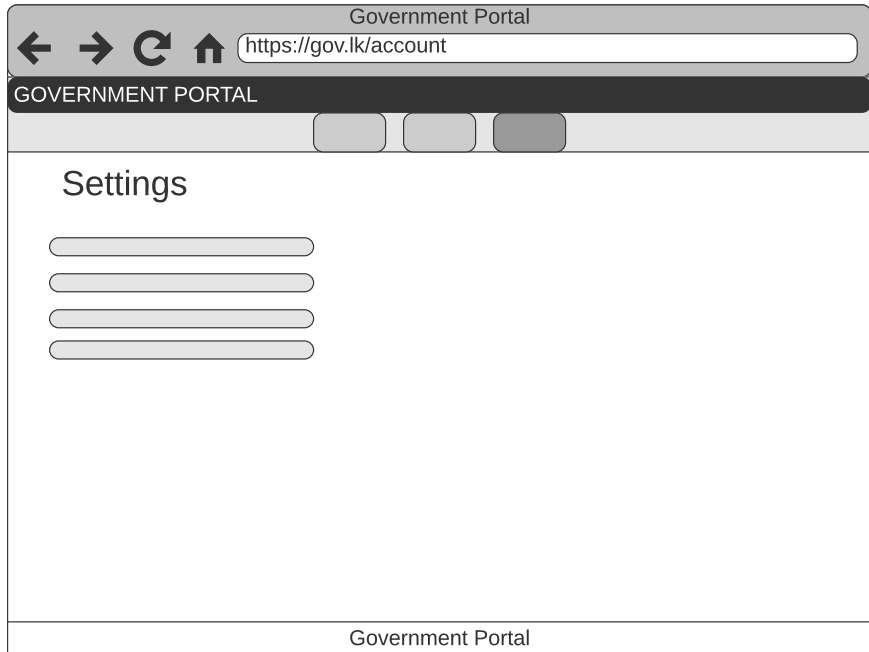

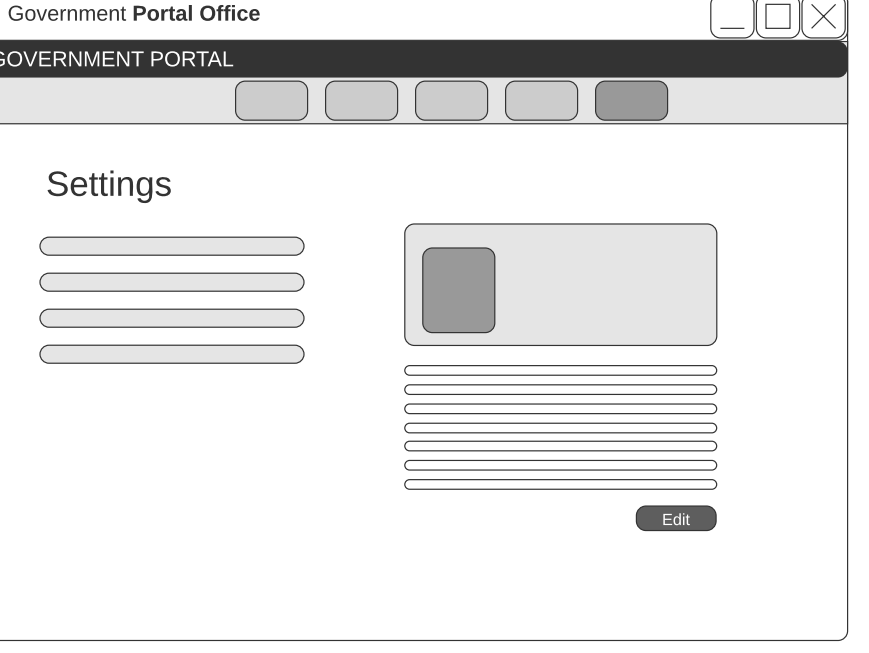

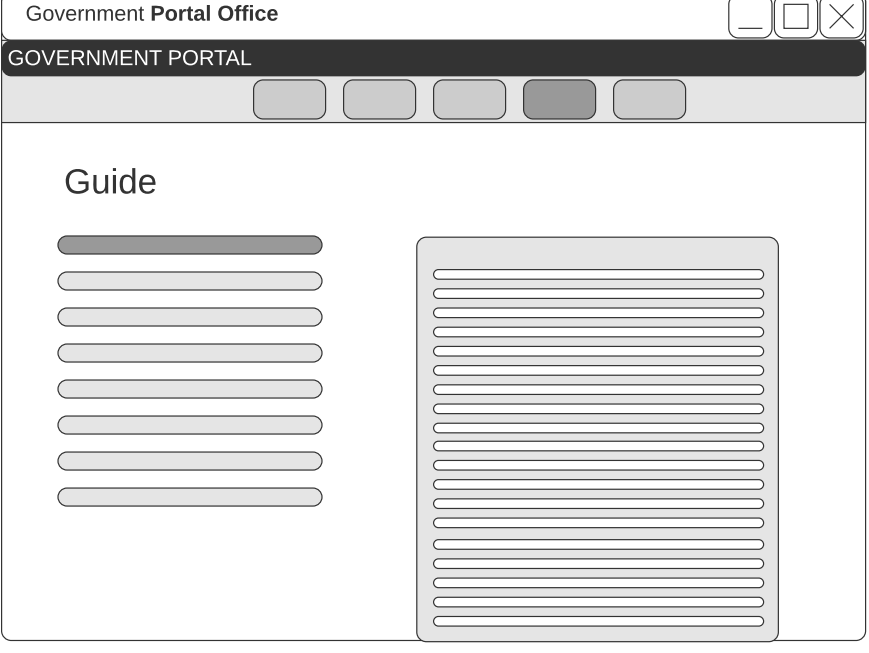

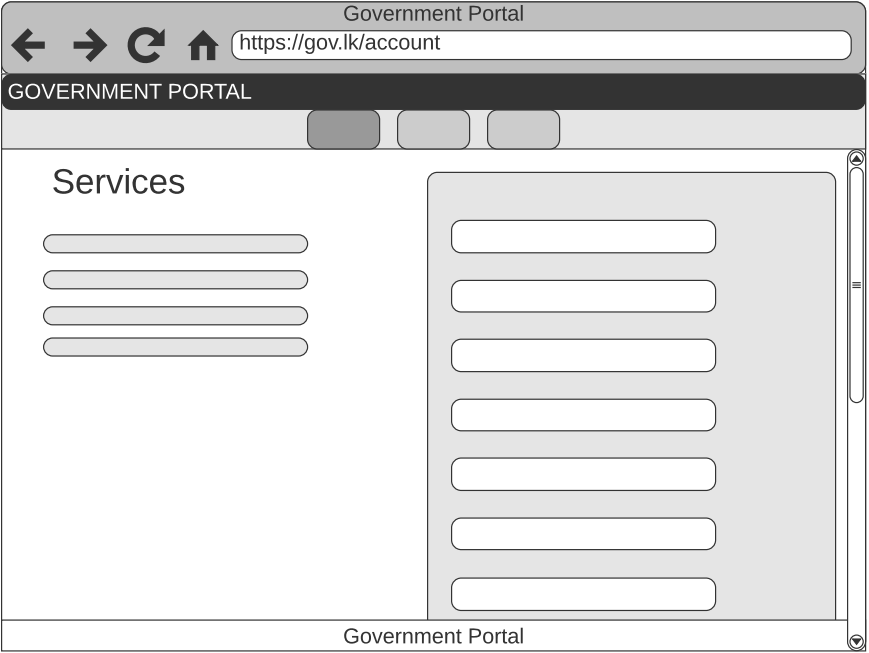

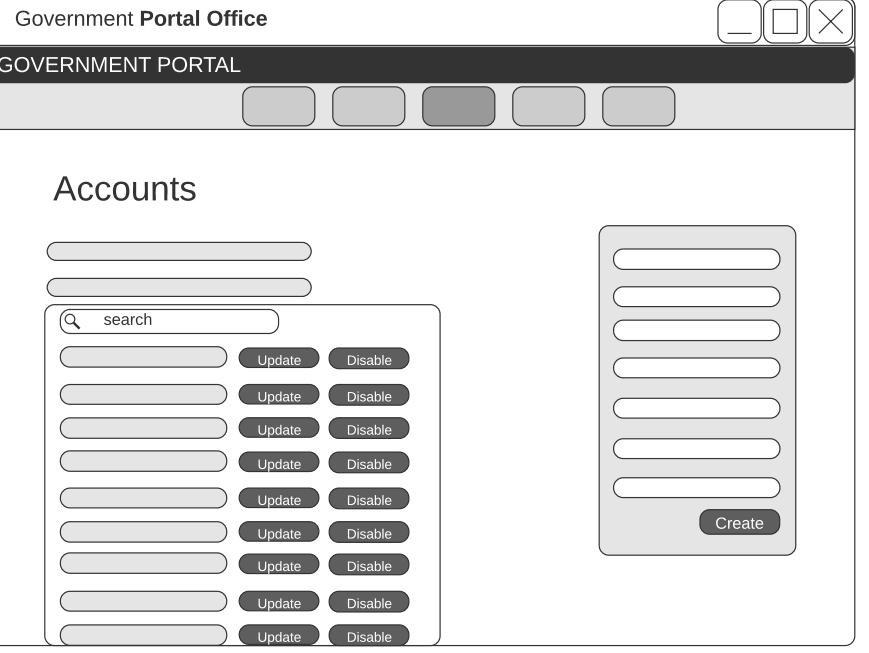

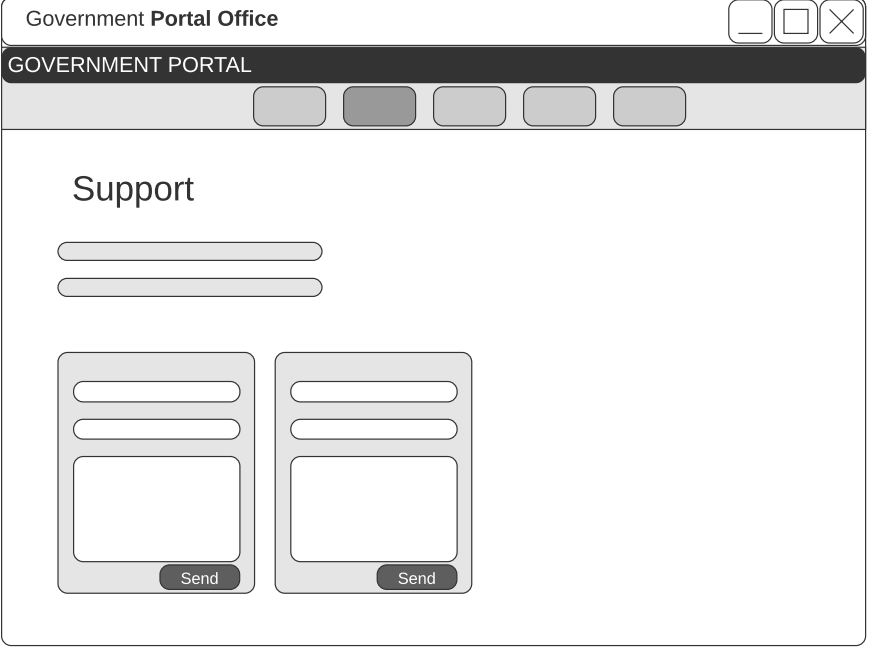

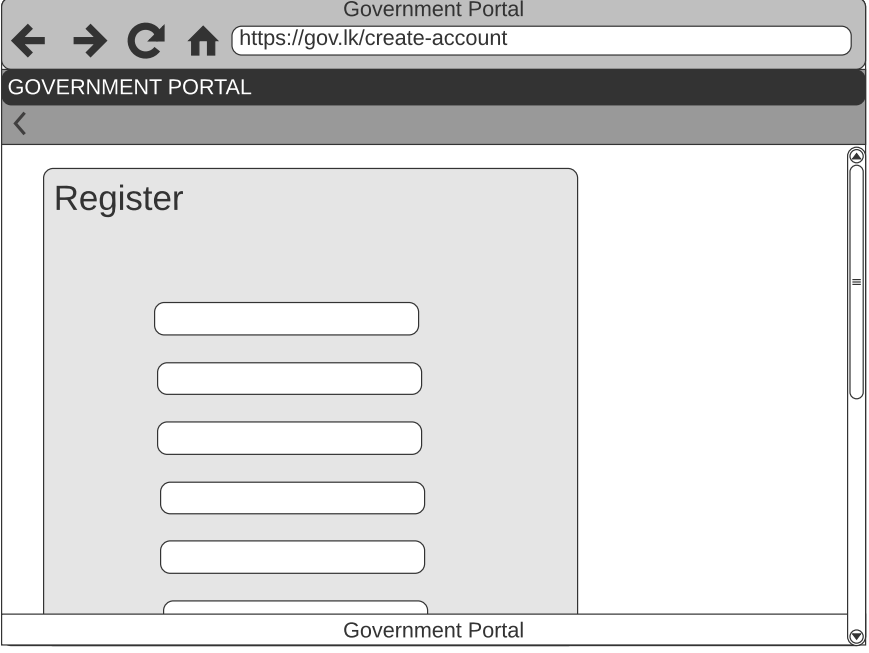

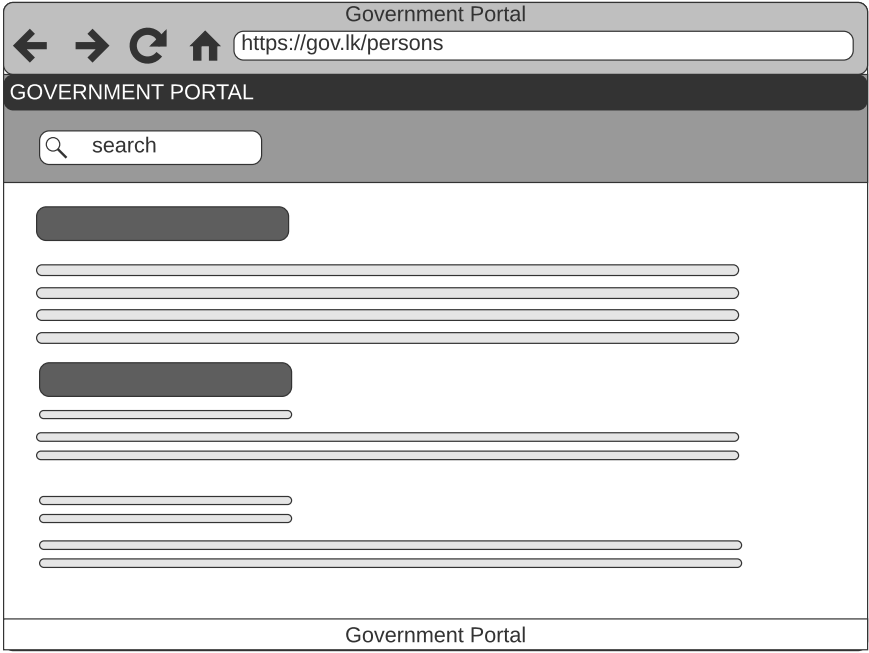

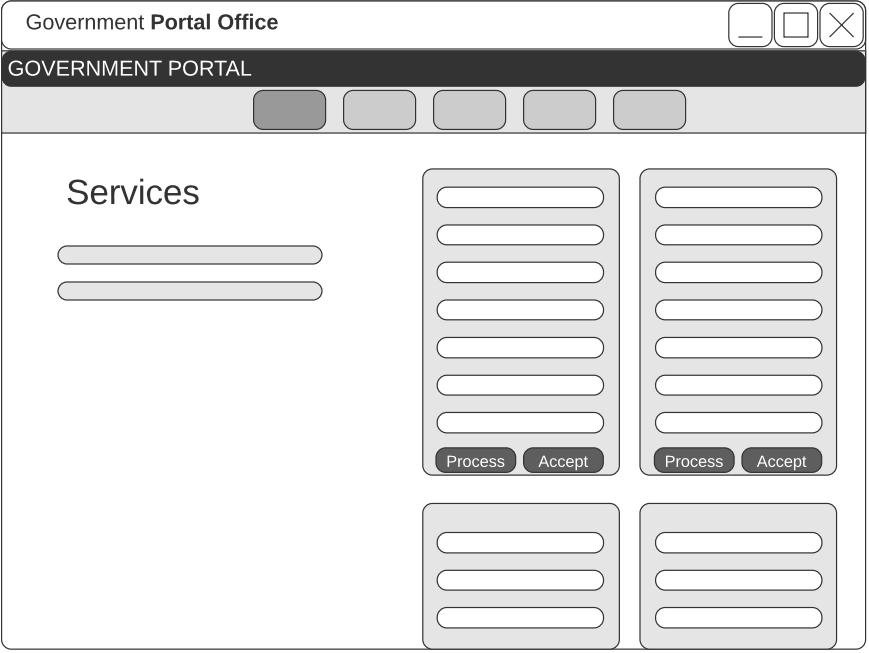

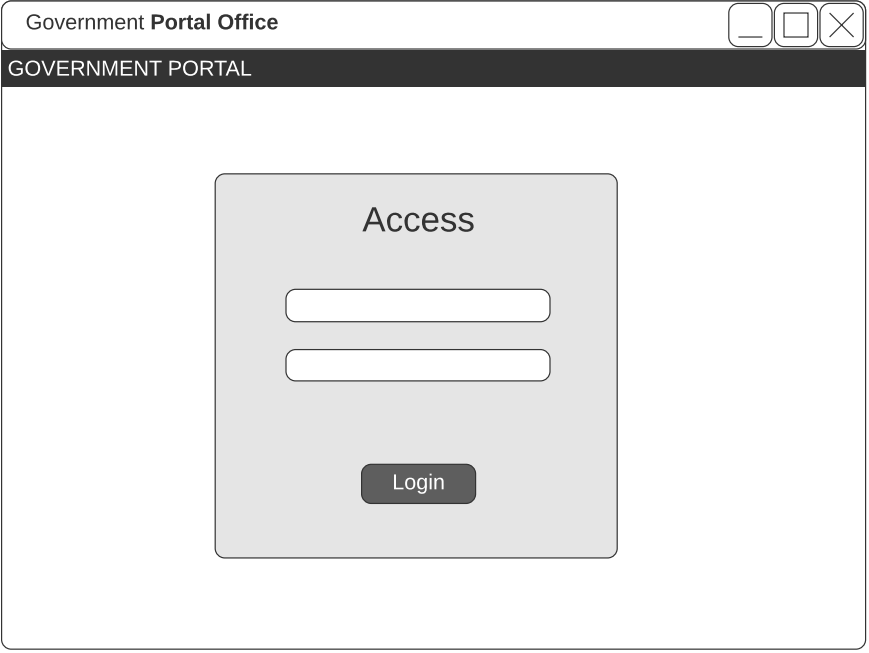

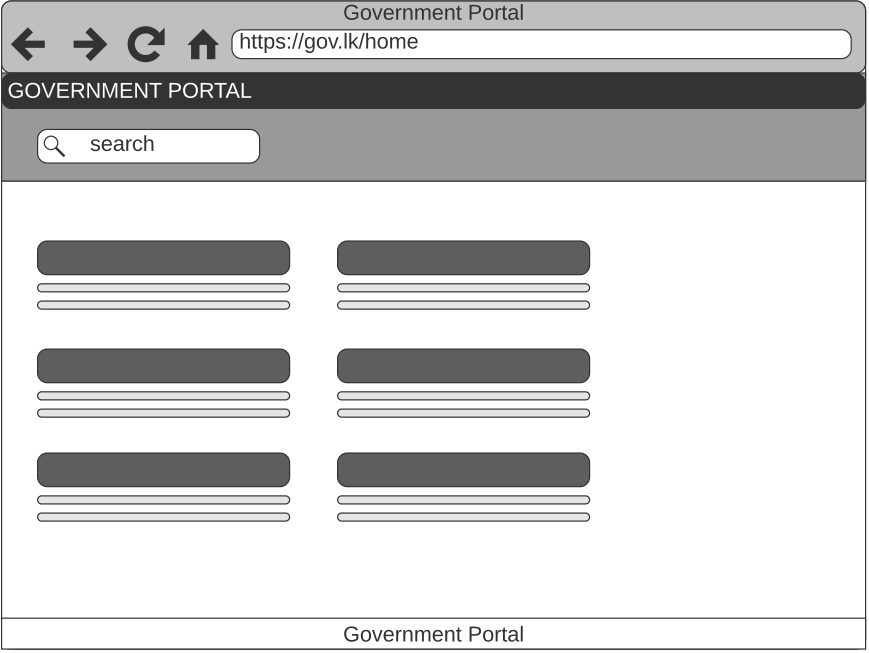

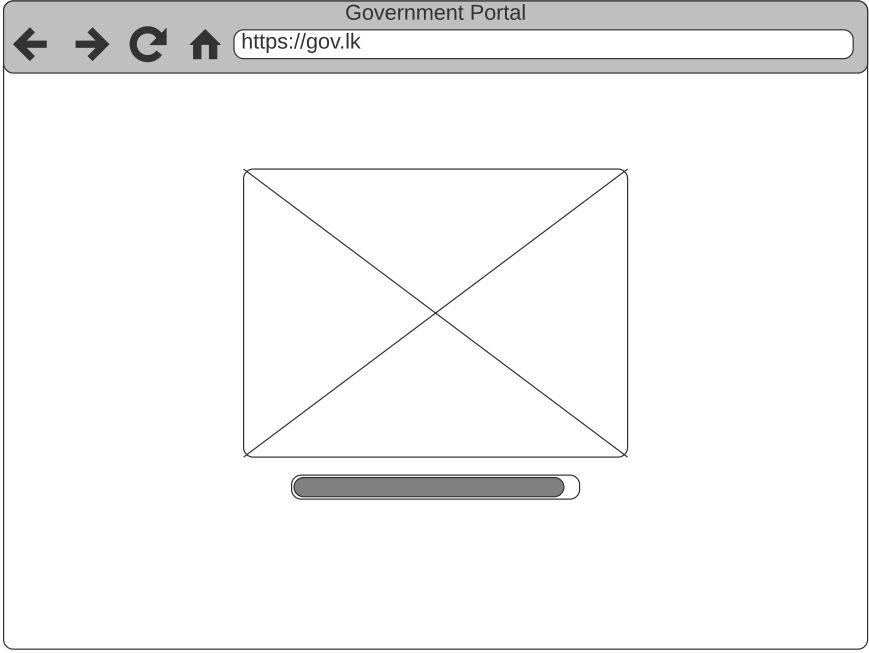

### Elemmentary Business Process (EBP)

Some usecases such as login were not included assuminng they didn't provide importance to core functionality, it should be acknowledged that all actives can only be invokes by an authenticated user. Refer Written Use Cases for further.
